Group Corporate Philosophy

The Yamato Group's foundation lies in its Core Values, which serve as the spirit of the Group's founding and have remained unchanged since their establishment in 1931. Supported by our Group Corporate Philosophy, created based on our unchanging Core Values, we aim to become a corporate group that can make sustainable contributions to the realization of an enriched society.

Management Philosophy

Yamato helps enrich our society by enhancing our social infrastructure, creating more convenient services for evolving lifestyles and industries, and developing innovative logistics and distribution systems.

Core Values

1. We all represent the Company.

This value represents the spirit of "inclusive management," whereby employees make decisions based on their own judgments and engage with our customers and business partners with an awareness that they represent the Company.

2. We connect our customers' hearts with every delivery.

This value defines deliveries as not simply the transportation of goods, but rather a chance for us to connect with our customers' hearts and offer them joy.

3. We conduct ourselves both professionally and ethically.

This value reflects the importance of ensuring that all our employees adhere to laws and regulations as members of society while conducting themselves in an ethical manner.
