Notes:

1. There are no particular vested interests between the Company and the candidates.
2. Additional information regarding the candidates of Outside Directors is as follows.
 - (1) Independent officers

The Company appointed Mr. Toshitaka Hagiwara and Mr. Masakatsu Mori as independent officers provided for under the provisions of the Tokyo Stock Exchange, Inc. and registered the individuals as such with that exchange. The Company plans on having the officers keep their position if their reelection is approved. In addition, if the election of Ms. Mariko Tokuno is approved, the Company will appoint her as an independent officer and register the individual as such with that exchange. Mr. Toshitaka Hagiwara, Mr. Masakatsu Mori and Ms. Mariko Tokuno satisfy the requirements for Criteria for Determining Independence of the Company on page 15.
 - (2) The number of years as Outside Director of the Company

Mr. Toshitaka Hagiwara and Mr. Masakatsu Mori have been serving as the Company's Outside Directors for eight years and four years as of the closing of this General Meeting of Shareholders.
 - (3) Inappropriate conducts of business occurred and corrective and preventive measures implemented against such conducts during the past five years at another company at which a candidate served as a director
 - 1) Mr. Toshitaka Hagiwara served as an outside director of NSK Ltd. from June 2010 to June 2014. In July 2011, NSK was subject to an on-site inspection by the Japan Fair Trade Commission for violation of the Antimonopoly Act of Japan regarding sales of bearing products. Following that, NSK was fined by the Tokyo District Court in February 2013, and received a cease and desist order and a penalty payment order from the Japan Fair Trade Commission in March 2013 in accordance with such Act. Furthermore, NSK and its subsidiaries were investigated by the relevant competition law authorities in respective countries, resulting in a plea bargain agreement that included payment of a fine, entered into with the United States Department of Justice in September 2013. The companies were also ordered to pay penalties and other fines in 2014 by the relevant authorities and courts in Canada (January), Europe (March), Australia (May), Singapore (May) and China (August). Mr. Toshitaka Hagiwara had not been aware of the aforementioned violations of antitrust law until those incidents came to light, but as an outside director he had routinely provided NSK advice from the perspective of regulatory compliance while promoting awareness of the importance of such compliance. Upon revelation of aforementioned incidents, he participated in meetings of the board of directors and other such forums where he examined the facts regarding the violations, enhanced and ensured regulatory compliance, and called for putting appropriate measures in place to prevent recurrence of such incidents. By properly executing his duties in this way, he worked to restore trust in the corporate group of NSK Ltd.
 - 2) Since June 2010, Mr. Toshitaka Hagiwara has been serving as an outside director of Zensho Holdings Co., Ltd. That company maintains full ownership of subsidiary Zensho Co., Ltd. (now named Sukiya Co., Ltd.), operator of *gyudon* (Japanese hot pot) chain restaurant Sukiya, which was subject to a directive

from the Labour Standards Inspection Office and other authorities to take remedial measures after findings that some of its employees had experienced excessive working conditions from February to March, 2014. Zensho took the matter seriously, and in April 2014 organized a third-party panel of experts tasked with thoroughly looking into factors causing the incidents and providing suggestions for improvement. The panel gave Zensho its report in July 2014. In line with the suggestions of the report, Zensho took steps to make improvements that included organizing a panel in November 2014 for promoting a better workplace environment, composed of five experts tasked with accelerating and fully implementing such improvements. As a result, in March 2015 the panel provided Zensho with a report summarizing and evaluating progress made in that regard.

As an outside director, Mr. Toshitaka Hagiwara has routinely provided Zensho Holdings with advice from the perspective of regulatory compliance, and since the aforementioned incident he has been properly executing his duties by taking part in meetings of the company's board of directors and other such forums where he has been working to further strengthen and ensure compliance practices, while calling for appropriate measures for preventing incidents such as the above to be put in place from the perspective of regulatory compliance.

- 3) Mr. Masakatsu Mori has been serving as an outside director of Stanley Electric Co., Ltd. since June 2010. The company underwent an on-site inspection by the Japan Fair Trade Commission in March 2012 regarding sales of automotive lamps. In March 2013, the Commission made reference that the company had violated the Antimonopoly Act of Japan.

Mr. Masakatsu Mori as an outside director has routinely provided comments as appropriate on the importance of regulatory compliance and its thoroughness on occasions such as board meetings. He has executed his duties in an appropriate manner as evidenced after the above alleged violation against the Antimonopoly Act of Japan was revealed. He offered various recommendations and opinions for a further, stronger internal control that would enable the company to conduct a fact-finding investigation and putting preventive measures in place.

3. Agreement on liability limitation

The Company has concluded an agreement with Mr. Toshitaka Hagiwara and Mr. Masakatsu Mori regarding liability limitation according to the Companies Act, Article 423, Paragraph 1. According to the agreement, the maximum liability amount is the minimum amount stipulated by the Companies Act, Article 425, Paragraph 1. If the reelection proposal is approved, the Company will continue its agreement with them. In addition, if the election of Ms. Mariko Tokuno is approved, the Company will conclude the said agreement with her.

Agenda Item 2. Election of One (1) Audit & Supervisory Board Member

The term of one (1) Audit & Supervisory Board Member, namely Mr. Motoharu Yokose, will expire at the close of this General Meeting of Shareholders. Accordingly, we would like to propose the election of one (1) Audit & Supervisory Board Member.

The following is the candidate for Audit & Supervisory Board Member.

Please note that Mr. Takashi Yamashita is a candidate for Outside Audit & Supervisory Board Member.

In addition, the Audit & Supervisory Board has already approved this proposal.

Name of Candidate (Date of Birth)	Brief Background and Position at the Company (Important Concurrent Positions at Other Organizations)	Number of Shares Owned

	Jan. 2015 Registered as a Certified Tax Accountant	
New election Outside Independent	(Important Concurrent Positions at Other Organizations) Representative of Takashi Yamashita CPA Office Outside Director of Shin Nippon Biomedical Laboratories, Ltd.	0
Takashi Yamashita (Feb. 18, 1956)	[Reasons for nomination as a candidate for Outside Audit & Supervisory Board Member] The Company proposes the election of Mr. Takashi Yamashita as Outside Audit & Supervisory Board Member in order to draw on his expertise related to finance and accounting as a certified public accountant with respect to the Company's audit structure. Although Mr. Takashi Yamashita does not have previous experience contributing to corporate management, the Company has determined that he will appropriately perform duties as Outside Audit & Supervisory Board Member because he possesses abundant experience and considerable insight as a certified public accountant.	

Notes:

- There are no particular vested interests between the Company and the candidate.
- Additional information regarding the candidate of Outside Audit & Supervisory Board Member is as follows.
 - Independent officers
If the election of Mr. Takashi Yamashita is approved, the Company will appoint him as an independent officer provided for under the provisions of the Tokyo Stock Exchange, Inc. and register the individual as such with that exchange. Mr. Takashi Yamashita satisfies the requirements for Criteria for Determining Independence of the Company on page 15.
 - Other information
Mr. Takashi Yamashita has served as Outside Audit & Supervisory Board Member of the Company's subsidiary Yamato Transport Co., Ltd. since June 2016, but is scheduled to retire as such in June 2017.
- Agreement on liability limitation
If the election of Mr. Takashi Yamashita is approved, the Company will conclude an agreement with him on limiting liability under the Companies Act, Article 423, Paragraph 1. According to the agreement, the maximum liability amount is the minimum amount stipulated by the Companies Act, Article 425, Paragraph 1.

Business Report

(From April 1, 2016 to March 31, 2017)

1. Status of the Corporate Group

(1) Operating Performance

In the fiscal year ended March 31, 2017, the economic environment was plagued by ongoing uncertainties ahead due to factors such as effects of shifting U.S. government policy as a consequence of the administration changing hands and the political situation in Europe, yet gradual economic recovery held course amid underlying strengths in corporate earnings. Moreover, although small parcel volume has continued to increase partially due to accelerating growth in the mail order market, conditions surrounding the logistics industry have been increasingly severe amid further tightening of the domestic labor market.

Operating in this environment, we worked toward achieving the objectives of the Long-Term Management Plan “DAN-TOTSU Management Plan 2019” and the Medium-Term Management Plan “DAN-TOTSU Three-Year Plan STEP.” To that end, we focused on creation of a business model for generating substantial added value by building a premium-quality network to enable efficient logistics and fusing together the Group’s business resources.

In the Delivery Business, revenues increased against a backdrop of delivery volume having hit a new record high thanks to efforts geared to adding more points of service access for the “TA-Q-BIN Compact” and “Nekopos” services, along with continued growth in the mail order market. Still, earnings have come under pressure from factors that include rising labor costs such as those involving our outsourcing workforce needed in order to maintain service quality amid further tightening of the labor market.

In the non-delivery businesses, we took steps to expand our existing service offerings by enlisting the strengths of Group companies, while also drawing on Group-wide ties as we aggressively promoted solution sales geared toward addressing customers’ business challenges.

In addition, we recorded payments for specially acknowledged working hours additionally recognized as the result of a fact-finding investigation into working hours of employees, which was carried out in the course of promoting “reforming working styles” across the entire Group.

Our consolidated financial results for the fiscal year ended March 31, 2017 were as follows.

Item	Fiscal 2016	Fiscal 2017	Change	(Millions of yen)	
				Percentage change (%)	
Operating revenue	1,416,413	1,466,852	50,439	3.6	
Operating income	68,540	34,885	(33,654)	(49.1)	
Ordinary income	69,426	34,884	(34,541)	(49.8)	
Profit attributable to owners of parent	39,424	18,053	(21,370)	(54.2)	

During the fiscal year ended March 31, 2017, we purchased treasury shares of 4.23 million shares, for a total acquisition cost of about 10.0 billion yen as measures for shareholder return.

Initiatives for the entire Yamato Group

- (i) The Yamato Group has been pursuing its “Value Networking” design, on the basis of creating business models for generating a high level of added value through the combined efforts of our respective businesses, while at the same time contributing to growth strategies and international competitive strengths of the Japanese economy. Meanwhile, we are also taking steps to forge a robust corporate culture that acts as a foundation for business creation and development.
- (ii) We continued to drive initiatives geared toward forging a more robust corporate culture. To that end, we worked on enhancing the efficiency and dependability of operations, in part by improving our transport systems and by using our information technology network to enable visual monitoring of operating volumes. Moreover, we actively engaged in CSR-related activities linked to Yamato Group business endeavors, such as through environmental and safety measures, and efforts to prosper communities. On the other hand, working environment has been deteriorating amid a situation where our efforts to build an operational framework have not kept pace with a recently surging mail order market and other such developments. To address such issues we launched initiatives for promoting “reforming working styles” on a Group-wide basis, and accordingly on February 1, 2017 Yamato Transport Co., Ltd. established a “office for reforming working styles,” while respective Group companies established “working styles innovation committees.” Moreover, successive fact-finding investigations into working hours across the entire Group have revealed issues whereby many employees find themselves unable to take long enough breaks. We are taking this matter very seriously, and accordingly have been taking steps to develop a more employee friendly working environment. As such, we have decided to make payments for specially acknowledged working hours additionally recognized as part of our efforts to heighten employee satisfaction. Moreover, to ensure that this never happens again we have been implementing “reforming working styles” throughout the entire Group, with such efforts centered on the “office for reforming working styles” of Yamato Transport Co., Ltd., and the “working styles innovation committees” of respective Group companies.
- (iii) To further promote our “Value Networking” design, we have been crafting business models that deliver a high level of added value by leveraging the Yamato Group’s business network. Also, to address varied customer needs in Japan and overseas, we have been making more effective use of our innovative network platform consisting of the “Haneda Chronogate,” “Atsugi Gateway,” “Chubu Gateway” and “Okinawa International Logistics Hub” facilities, in addition to our existing “last mile” network.
- (iv) In our business looking toward overseas markets, we have been working to forge inter-regional collaboration while strengthening our capabilities in respective geographic regions in order to invigorate our cross-border transportation services involving shipping between five points in Japan, East Asia, Europe and the Americas, with a focus on the ASEAN region. During the fiscal year ended March 31, 2017, we have been actively promoting efforts to build our cross-border network by further extending it geographically over the ASEAN and East Asian regions. For instance, we have acquired a cross-border line-haul trucking company headquartered in Malaysia, reached agreement involving investment in an international logistics enterprise based in Guangzhou, China. In January, we have launched TA-Q-BIN services domestically in Thailand and in March, we have made the decision to commence sales involving “International Cool TA-Q-BIN” services there.
- (v) With the aim of improving customer convenience particularly in the mail order market, we have been working to establish an environment that ensures customers ease in picking up their parcels. To that end, we have embarked on efforts to build an open-type network of parcel lockers primarily in train stations and other such locations. Moreover, we have

started reviewing opportunities for rolling out cutting-edge technologies with our sights set on development of next-generation logistics services. Our efforts to that end have included collaborating with major companies that provide Internet services and also embarking on our “RoboNeko Yamato” project which involves providing on-demand delivery services that make use of automated driving technologies.

Business strategies of each business segment

Delivery

The delivery volumes of TA-Q-BIN and Kuroneko DM-Bin services are as follows.

Item	(Million parcels / units)			
	Fiscal 2016	Fiscal 2017	Change	Percentage change (%)
TA-Q-BIN	1,731	1,867	136	7.9
Kuroneko DM-Bin	1,536	1,542	5	0.4

- (i) In the Delivery Business, the Yamato Group concentrated on TA-Q-BIN-centered business development, aiming to provide infrastructure that best suits our customers and contribute to enriching people's lives.
- (ii) With respect to working environment of our employees, we have been developing a framework for broad reform of work arrangements for employees given the urgent need to improve the workplace environment with the aim of securing labor capacity amid substantially increasing parcel volume brought about by the recently surging mail order market and the tightening labor market. Moreover, we have embarked on initiatives geared to making the working environment more employee-friendly upon having made decisions with respect to taking action in areas of "reforming working styles." This includes improving and implementing thorough labor management, encouraging a work-life balance, modifying service level, placing controls on total TA-Q-BIN volume, and revising basic fees for TA-Q-BIN delivery services.
- (iii) Given expectations for growth in the mail order market, we have been taking steps to expand sales of the "TA-Q-BIN Compact" and "Nekopos" services which enable customers to send small parcels simply at reasonable fees, and otherwise engaging in efforts to provide greater convenience to our customers who use mail-order services by collaborating with multiple flea market websites and offering delivery services at a greater number of service access points.
- (iv) With respect to corporate clients, we have been accurately pinpointing managerial challenges and actively proposing solutions to address those challenges. Moreover, we worked to boost profitability by making proposals that provide high added value using the Group's business resources.
- (v) In our business geared toward revitalizing communities, we have been taking steps to improve services for residents by collaborating with numerous municipalities and companies in efforts to provide support with regard to helping those who face difficulties doing their shopping and watching over elderly residents. Moreover, we have also been helping to revitalize local industry through initiatives that include lending support for enabling communities to achieve higher sales of locally produced products by offering swift delivery to Asia of perishable goods and other agricultural products in a manner that ensures they stay fresh.
- (vi) Operating revenue amounted to 1,151,028 million yen, up 3.5% from the year-ago period due to an increase in delivery volume of TA-Q-BIN resulting from continuous efforts to increase sales to mail-order business operators, initiatives pursued to increase the use of the "TA-Q-BIN Compact" and "Nekopos" services. As for profits, the segment posted operating income of 5,638 million yen, down 85.2% from the year-ago period. The decrease is attributable to a situation where earnings have come under pressure amid factors such as rising labor costs including those involving outsourcing workforce in order to maintain service quality amid further tightening of the labor market, an increase in expenses attributable to external factors such as a higher size-based enterprise tax, and the recording of payments for specially acknowledged working hours additionally recognized.

BIZ-Logistics

- (i) In the BIZ-Logistics Business, the Yamato Group is providing customers with innovative logistics systems by combining management resources such as the TA-Q-BIN network with logistics functions, maintenance and recall handling functions, cleansing functions for medical devices and international transportation functions.
- (ii) For the mail-order industry and others, we are offering one-stop services involving various types of logistical support in line with customer needs, including support for facilitating everything from placing and accepting orders to visual monitoring of inventories and enabling speedier shipments. During the fiscal year ended March 31, 2017, these operations generated favorable results due to factors that included an increased volume of business-to-business logistics related services launched in the previous fiscal year.
- (iii) For medical service providers, we have been developing medical device loaner support (storage, cleaning and delivery) and other services that help revolutionize logistics operations. During the fiscal year ended March 31, 2017, we have been actively promoting efforts to increase sales, in part by working to bring in new customers.
- (iv) Operating revenue amounted to 108,643 million yen, up 1.7% from the year-ago period due to favorable results from services related to business-to-business logistics. As for profits, the segment posted operating income of 4,072 million yen, down 17.0% from the year-ago period mainly due to lackluster results in overseas transport services and a decrease in business involving product recalls.

Home Convenience

- (i) In the Home Convenience Business, we are working toward enabling customers to achieve greater convenience and comfort in their lives through lifetime lifestyle support businesses and corporate enterprise support business that draw on the Yamato Group's nationwide network.
- (ii) With respect to individual customers, the Yamato Group operated a variety of services to assist in daily life such as the "Raku Raku Household TA-Q-BIN" service for delivering large furniture items and home appliances and moving-related services. During the fiscal year ended March 31, 2017, we aggressively forged ahead with efforts to increase the sales of "Comfortable Lifestyle Support Service," which aims to help customers resolve everyday inconveniences associated with house cleaning, home organization and storage, and collection of unwanted items.
- (iii) For our corporate clients, we have been developing our business support services including "Technical Network Business" where we combine the networks of the Yamato Group and our construction and installation contractors so that we can provide one-stop support in handling everything from household equipment delivery and set-up, to installation and maintenance of such equipment. In the fiscal year ended March 31 2017, we actively worked to increase sales involving services for facilitating procurement of return presents of hometown tax payments and other such goods, and office support services.
- (iv) Operating revenue amounted to 49,163 million yen, up 0.4% from the year-ago period mainly due to favorable results with respect to use of our "Comfortable Lifestyle Support Service" and our service for facilitating procurement. As for profits, the segment posted an operating income of 1,076 million yen, down 6.1% from the year-ago period mainly due to a decrease of highly profitable one-off business.

e-Business

- (i) In the e-Business, the Yamato Group helps customers streamline their business processes and solve potential issues by proactively conducting solution platform business

that combine logistics technology and financial technology with information technology. In addition, with the aim of helping to accelerate growth of Yamato Group businesses, we have been moving beyond conventional information technologies through efforts geared to promoting use of emerging technologies that harness artificial intelligence (AI), the Internet of things (IoT) and other such innovations.

- (ii) With respect to services for assisting with order-acceptance and dispatching operations, the Yamato Group provides a “Web-based Shipment Control” that comprehensively supports such operations as dispatch information processing, printing of delivery slips, and freight tracking. In the fiscal year ended March 31, 2017, use of this service increased particularly among our existing large-lot customers, against a backdrop that included mail-order market growth.
- (iii) For customers whose needs involve managing products on an individual basis, such as telecommunications equipment business operators, the Yamato Group has been developing its “setup and logistics solutions business” which offers services that involve bringing tasks of affixing data to products and partial processing of merchandise into alignment with information system functions such as serial acceptance/dispatch control in warehouses and inventory tracking. During the fiscal year ended March 31, 2017, we aggressively forged ahead with efforts to increase the sales of these services to IoT equipment business operators, drawing on the setup technologies and logistics know-how we have amassed so far.
- (iv) Operating revenue amounted to 45,639 million yen, up 5.3% from the year-ago period mainly as a result of having achieved a greater volume of business in the “setup and logistics solutions business.” Operating income was 9,368 million yen, up 4.0% from the year-ago period.

Financial

- (i) In the Financial Business, the Yamato Group has been developing settlement and financial services tailored to a range of customer needs for payment collection of mail-order products, business-to-business transaction settlement, and vehicle leasing.
- (ii) With respect to our payment settlement services, in addition to providing our mainstay service “TA-Q-BIN Collect,” we have also been promoting increased customer use of both our “Kuroneko Web Collect” comprehensive internet-based transaction settlement service and our e-money settlement services. During the fiscal year ended March 31, 2017, we provided a wide range of payment settlement services to our customers who use the “TA-Q-BIN Collect” service by promoting use of our “Kuroneko Web Collect” and “Kuroneko Pay After Delivery” services, and concurrently worked to increase profitability. With our e-money related services, we persisted in our efforts to increase sales generated by our “Multi e-money Settlement Terminals” rental service.
- (iii) In the lease services business, we have been generating steady results with respect to financial leases primarily involving trucks and installment sales. We have also been developing peripheral operations that include providing vehicle referrals and resale support, while forging ahead in making proposals involving total solutions related to vehicles.
- (iv) Operating revenue amounted to 77,985 million yen, up 7.6% from the year-ago period due to steady results of lease services business. As for profits, operating income was 8,243 million yen, down 5.3% from the year-ago period largely due to lackluster results with respect to volume handled through our mainstay TA-Q-BIN Collect service.

Autoworks

- (i) In the Autoworks Business, the Yamato Group develops its “24-hour-a-day, 365-day-a-year service that enables customers to service their vehicles without stopping

operation,” thereby providing value to logistics operations and logistics service providers in the form of “improvement of vehicle maintenance convenience” and “reduced maintenance expenses.” Furthermore, to better provide one-stop service solutions geared toward customer business operations, we have added services for “maintaining and safeguarding logistics facilities and equipment, and improving such workplace environments,” along with “offering insurance plans tailored to customer risk management needs” which provide coverage for such assets.

- (ii) In the fiscal year ended March 31, 2017, we took steps to expand sales by aggressively marketing out “Repairworks” services entailing periodic on-site customer visits.
- (iii) Operating revenue amounted to 24,613 million yen, up 0.6% from the year-ago period as a result of an increase in the number of vehicles serviced. As for profits, operating income amounted to 3,273 million yen, down 2.9% from the year-ago period largely as a result of initial investment in new services.

Other

- (i) The “JITBOX Charter service” provides transportation by transport box. The service takes advantage of its network consisting of multiple companies and provides added value to customers through timely delivery and frequent, right-volume delivery. In the fiscal year ended March 31, 2017, service use grew steadily due to favorable results with respect to chilled transport and other optional services, in addition to the existing services.
- (ii) Operating income in Other excluding dividends which Yamato Holdings Co., Ltd. received from the Group companies increased 3.5% from the year-ago period to 2,182 million yen.

CSR Initiatives

- (i) The Yamato Group places utmost priority on protecting human life and conducts a range of safety measures. During the fiscal year ended March 31, 2017, we held the “6th Yamato Transport Nationwide Safety Competition” and engaged in efforts to enhance the skills of the Group’s professional drivers with respect to safe vehicle operation, while also heightening safety awareness and improving driving skills on a Group-wide basis. In addition, since 1998 we have been holding our “Safety Classes for Children,” through which we convey the importance of traffic safety, in day care facilities, kindergartens and elementary schools across Japan. A total of about 2.99 million people have now participated.
- (ii) The Yamato Group works to ensure that its distribution mechanisms are environmentally sound, under its policy of “Nekology” (combining “Kuroneko” with “ecology”) for promoting its environmental conservation initiatives. We also hold “Kuroneko Yamato Environmental Class” sessions designed to provide support for environmental education of children who will bear responsibilities of the next generation. We have held such classes on an ongoing basis nationwide since 2005, attracting about 230 thousand participants so far.
- (iii) Aspiring to be a company that continually evolves in step with society, led by Yamato Welfare Foundation, the Yamato Group conducts various activities to help realize a society in which disabled people can freely enjoy a lifestyle as a member of the workforce. Specifically, we engage in ongoing programs that support economic independence of people with disabilities, such that include actively employing people with disabilities at the Swan Bakery which makes and sells bread, providing them with workplaces through the consigned delivery of Kuroneko DM-Bin, and operating job-finding support facilities where they take part in training to acquire skills and knowledge necessary for employment.
- (iv) Aiming to create more sustainable social value, the Yamato Group promotes initiatives for sharing value with society based on “Creating Shared Value (CSV).” During the fiscal year ended March 31, 2017, we initiated our “combined passenger-cargo” operations using scheduled-route passenger buses in Hokkaido and Kumamoto prefecture, which is in addition to Iwate prefecture and Miyazaki prefecture with such operations already, thereby helping to improve lifestyle services for local residents both by keeping scheduled bus networks running in hilly and mountainous areas where populations are substantially declining and getting older, and also by streamlining distribution in those locations. In addition, in Miyazaki prefecture we handled “Cool TA-Q-BIN” shipments by implementing a scheduled-route passenger bus equipped with a storage box exclusively for chilled and frozen goods which is the first in Japan. Moreover, we continued to engage in efforts geared to revitalizing communities and resolving issues by leveraging the Yamato Group’s management resources, with respect to initiatives that include helping to watch over elderly residents, supporting tourism, and expanding sales channels for specialty products in respective regions throughout Japan. As a result, we have worked with government bodies on 1,928 such endeavors thus far.
- (v) In order to earn the confidence of Yamato Group’s customers and society acting as a company that forms an important part of social infrastructure, we embarked on Group-wide initiatives with respect to “reforming working styles.” To such ends, we forged ahead in developing a more comfortable working environment for employees through efforts that included promoting management in conformity with compliance, reviewing our management rules on working hours, and a framework for broad reform of work arrangements for our employees.

(2) Issues to Be Addressed

The Yamato Group will take steps to bring about an approach to management that places top priority on employee satisfaction, which is to say improving working environment (“reforming working styles”), in a manner that first takes prevailing changes in the business environment into account. At the same time, we will push ahead in bringing about transformation of the overall Group’s business model so that it is better aligned with the coming era, and will also work to satisfy our shareholders, customers, society and employees. To such ends, the Yamato Group will pursue the following strategies:

- (i) Our efforts to forge a robust corporate culture will involve placing top priority on ensuring levels of quality that instill customer confidence while increasing employee satisfaction, strengthening both legal and financial governance, and pursuing CSR initiatives.
- (ii) With respect to the “reforming working styles” of Yamato Transport Co., Ltd. which is at the core entity of the Group, we will pursue efforts geared to placing top priority on “heightening employee satisfaction through efforts that involve overhauling the workplace into a more upbeat working environment for employees.” In addition to improving and developing working environment to such ends, we will also set our sights on redesigning and transforming the business model of the overall Delivery Business so that it is better aligned with the coming era, and accordingly pursue initiatives under a basic framework that is five-fold in terms of improving and implementing thorough labor management, encouraging a work-life balance, modifying service level, placing controls on total TA-Q-BIN volume, and revising basic fees for TA-Q-BIN delivery services.
- (iii) In addressing the issue of the labor shortage as it extends into the future, we will work to heighten productivity across every aspect of Group operations, including collection and delivery, back-office and sorting operations, by means of stepping up efforts that involve linking systems with business operators and setting up open-type parcel lockers, as well as promoting active use of cutting-edge technologies. Moreover, to further achieve growth of the business going forward, we will promote initiatives geared to management centered on “reforming working styles,” and enlist the entire Group in efforts to establish working environments and personnel systems that are more employee-friendly. We will secure new sources of labor by promoting diversity-related initiatives that involve creating a greater variety of work arrangements than has been the case thus far, and by expanding opportunities that enable women, seniors, foreign nationals and others to actively flourish in the workplace.
- (iv) We will contribute to Japanese economic growth strategies by pushing ahead with our “Value Networking” design which aspires to revolutionize logistics. We will persist with efforts to further develop our “last mile” network, the greatest strength of the Yamato Group, by making use of our “Haneda Chronogate,” “Atsugi Gateway,” “Chubu Gateway” and “Okinawa International Logistics Hub” facilities. Furthermore, we will work toward creating and developing a business model that can generate a high level of added value that improves logistics speed, quality and costs, by fusing our business resources in areas such as information, logistics and transaction settlement within this network.
- (v) With respect to establishing business foundations in overseas markets primarily in Asia, we will promote cross-border opportunities leveraging the Yamato Group’s capabilities such as those available through the “Okinawa International Logistics Hub.” We will make the notion of a borderless logistics network that provides value-added functions a reality by engaging in efforts to expand our cold chain business primarily in Asia. In part, we have issued international standards relating to small-lot chilled and frozen goods delivery services in collaboration with international standards-setting organizations.
- (vi) We will build a platform that links us with government bodies and corporations in various regions throughout Japan, with the aim of providing support to people in their daily lives and revitalizing their local communities. We will strive to become the group of companies

which is the most appreciated and trusted by society by creating value that can be shared among corporations and society through our core operations.

Through the Group's unified efforts, Yamato will create greater corporate value.

We look to the continued understanding and support of our shareholders and investors.

- 10) Policy on procedures for advance payment or reimbursement of expenses incurred in the execution of duties by audit & supervisory board members of the Company, and other expenses incurred in the said execution of duties, or handling of debts

The Company shall develop a policy regarding the handling of audit expenses and secure a budget of a certain amount to cover audit expenses.

- 11) Framework ensuring the effectiveness of auditing by audit & supervisory board members of the Company

i. In addition to the Board of Directors' Meeting, audit & supervisory board members of the Company may attend other important meetings, including those of the Management Council and the Executive Council, and understand the process of important decision-making and execution status of business, and provide necessary advice.

ii. The Company shall establish regular meetings between audit & supervisory board members and the representative director to exchange opinions.

iii. The internal audit division of the Company shall report progress and results of internal audits of the Company and each Group company as necessary to audit & supervisory board members to realize a collaborative framework for effective audits.

iv. Audit & supervisory board members of the Company and each Group company shall exchange information and enhance collaboration throughout the Group at Group Audit & Supervisory Board Members' Liaison Meetings.

v. The Company shall establish a liaison office for the Audit & Supervisory Board and Group Audit & Supervisory Board Members' Liaison Meetings in the internal audit division of the Company to promote efficient audits by audit & supervisory board members of the Company and each Group company.

vi. The Company shall receive explanations on the contents of its accounts from the Accounting Auditor as needed and exchange information to realize a collaborative framework for effective audits.

(2) Operational Status of Systems for Ensuring Proper Operations

Details are provided as follows on the operational status of systems for ensuring proper operations.

- 1) Execution of duties by directors

The Board of Directors holds 17 meetings which are attended by the directors and audit & supervisory board members. Those in attendance adopt resolutions on individual proposals in accordance with decision-making standards, and also discuss matters and make resolutions with respect to issues of managerial importance encompassing areas such as growth strategy, investment, capital management policy and human resources strategy.

- 2) Compliance

The "Compliance and Risk Committee" meets once every quarter, with such meetings attended by the Company's executive officers in charge of legal affairs and CSR strategy, full-time audit & supervisory board members, outside attorneys at law, and managers in

charge of compliance of major Group companies, and oversees Group-wide compliance initiatives across the organization.

Moreover, the Company has developed mechanisms for a whistle-blower system for the Group to allow employees to report compliance violations of the Company and respective Group companies.

In addition, in order to raise awareness of compliance issues and call attention to such matters, all business offices of the Company and respective Group companies display “Statement of Compliance” posters which declare their vow to observe laws, regulations and corporate ethics.

The Company has been taking steps to ensure that everyone is well aware that all ties with antisocial forces must be rejected. To that end, such matters have been stipulated in the “Yamato Group Corporate Philosophy” which outlines the Yamato Group’s responsibilities to society and its stance toward issues in that regard, and furthermore pamphlets detailing such content are distributed to all employees of the Company and respective Group companies.

The Company and respective Group companies have primarily engaged in a labor-intensive industry, centered on the Delivery Business, and implemented “reforming working styles” throughout the entire Group, and promoted management in conformity with compliance including complete adherence to and review of rules.

3) Risk management

Managers in charge of compliance and risk oversight are stationed at the Company and respective Group companies, and have been developing systems to address risk in a swift and harmonious manner.

When an emergency arises, the Company’s executive officers in charge of legal affairs and CSR strategy, and its full-time audit & supervisory board members, are notified of the situation without delay, through a Group-wide system for ensuring availability of up-to-the-minute details on emergency matters.

In addition, the Company’s “Compliance and Risk Committee” considers key risks by sharing examples of such risks and discussing related measures.

4) Audit structure

Company employees in charge of audits and departments of major Group companies in charge of internal audits respectively check to make sure that operations are being performed effectively in accordance with the rules, and they accordingly develop frameworks to immediately rectify matters when aberrations are found to exist.

Moreover, audit & supervisory board members of the Company and full-time audit & supervisory board members of respective Group companies hold monthly Group Audit & Supervisory Board Members’ Liaison Meetings. In so doing, they collaborate by sharing information, and effectively monitor operations in a manner that is coordinated with Group management.

(3) Policy on Decision of Appropriation of Surplus

As a pure holding company, the Company conducts its business with the goal of maximizing the entire Group’s corporate value. Accordingly, with respect to the appropriation of surplus, the Company’s policy is to pay dividends with the goal of having a payout ratio of 30% of profit attributable to owners of parent. Retained earnings are used to facilitate the growth of the Group as a whole through capital expenditure—to strengthen the network, one of our

management resources, and develop new businesses and products, for example—and investments are aimed at raising the corporate value in the future. Finally, the use of treasury shares is strategically positioned for flexible utilization, such as M&A, as a part of our capital policy.

Notes to Consolidated Financial Statements

1. Basis of Preparation of the Financial Statements

(1) Amounts described are rounded down to the nearest million yen.

(2) Scope of Consolidation

1) Number of Consolidated Subsidiaries: 39

Names of major consolidated subsidiaries:

Yamato Transport Co., Ltd.	Okinawa Yamato Transport Co., Ltd.	Yamato Global Express Co., Ltd.
Yamato Logistics Co., Ltd.	Yamato Global Logistics Japan Co., Ltd.	Yamato Multi-Maintenance Solutions Co., Ltd.
Yamato Packing Service Co., Ltd.	YAMATO TRANSPORT U. S. A., INC.	Yamato Home Convenience Co., Ltd.
Yamato System Development Co., Ltd.	Yamato Financial Co., Ltd.	Yamato Lease Co., Ltd.
Yamato Autoworks Co., Ltd.	YAMATO ASIA PTE. LTD.	

In the fiscal year under review, YAMATO INTERNATIONAL LOGISTICS (HONG KONG) LTD., which is the surviving company, implemented an absorption-type merger and the two companies YAMATO TRANSPORT (HK) LTD. and YAMATO PAYMENT SERVICE (HK) LTD., were absorbed in the merger, and changed its corporate name to YAMATO LOGISTICS (HK) LTD.

YAMATO INVESTMENT (HONG KONG) LIMITED, established during the fiscal year under review, is included in the scope of consolidation from the fiscal year under review.

2) Non-consolidated Subsidiaries, etc.

YAMATO LOGISTICS INDIA PVT. LTD. and certain other subsidiaries are not included within the scope of consolidation. The total assets, operating revenue, profit, and retained earnings of these non-consolidated subsidiaries are immaterial and, even taken together as a group, they do not exert a significant influence on the consolidated financial statements.

(3) Application of Equity Method

1) Number of Affiliates Accounted for by Equity Method: 14

Names of major equity method affiliates:

GD EXPRESS CARRIER BHD.	Packcity Japan Co., Ltd.	GUANGZHOU WISEPOWER TRANSPORTATION & DISTRIBUTION GROUP CO., LTD.
-------------------------	--------------------------	---

Effective from the fiscal year under review, the scope of equity method application encompasses GD EXPRESS CARRIER BHD., Packcity Japan Co., Ltd. and GUANGZHOU WISEPOWER TRANSPORTATION & DISTRIBUTION GROUP CO., LTD. upon having newly acquired stock of those three entities, and also encompasses 11 subsidiaries of GD EXPRESS CARRIER BHD.

2) Non-consolidated Subsidiaries and Affiliates Not Accounted for by Equity Method

Entities not subject to the equity method such as YAMATO LOGISTICS INDIA PVT. LTD. and certain other non-consolidated subsidiaries and YAMATO UNYU (THAILAND) CO., LTD. and certain other affiliated companies are excluded from the scope of entities accounted for using the equity method because they do not exert a significant influence on the consolidated

financial statements even when taken together as a group, given immateriality of their profit, retained earnings and other financial results.

3) Special Note on the Application of Equity Method

The fiscal year-end dates of certain entities accounted for using the equity method differ from the consolidated fiscal year-end date, and accordingly the financial statements have been prepared on the basis of the financial statements and provisional financial results for the respective fiscal years of each of those entities.

(4) Closing Date of Consolidated Subsidiaries

Of consolidated subsidiaries, YAMATO TRANSPORT U.S.A., INC., and other nine overseas subsidiaries have December 31 as their financial year end. Financial statements as of this closing date were used in the preparation of the consolidated financial statements. However, the consolidated figures have been adjusted as required to reflect significant transactions occurring between December 31, 2016 and March 31, 2017 that is the consolidated closing date.

(5) Accounting Policies

1) Valuation Basis and Methods for Securities

Available-for-sale securities

Securities with fair market value:

Stated at the fair market value based on the quoted market price as of the fiscal year end (valuation differences are recognized in net assets; the cost of securities sold is the moving-average method)

Securities without fair market value:

Stated at the cost by moving-average method

2) Valuation Basis and Methods for Inventories

Stated at the cost by first-in first-out method (for the value stated in the balance sheet, book value is written down based on the decreased profitability)

3) Depreciation and Amortization Methods of Non-current Assets

Property, plant and equipment:
(excluding leased assets)

Declining-balance method

However, the straight-line method is adopted for buildings acquired on or after April 1, 1998 (excluding fixtures) and for facilities attached to buildings and structures acquired on or after April 1, 2016.

For overseas consolidated subsidiaries' assets, straight-line methods based on estimated useful lives is adopted.

(Changes in accounting policies)

Application of Practical Solution on a Change in Depreciation Method Due to Tax Reform 2016

Following the revision to the Corporation Tax Act, the Company has applied the "Practical Solution on a Change in Depreciation Method Due to Tax Reform 2016" (ASBJ PITF No.32, June 17, 2016) from the fiscal year ended March 31, 2017, and changed the depreciation method for facilities attached to buildings and structures acquired on or after April 1, 2016 from the declining-balance method to the straight-line method.

As a result, we posted 189 million yen increases across the board in operating income, ordinary income, and profit before income taxes for the fiscal year ended March 31, 2017.

Intangible assets:
(excluding leased assets)

Straight-line method, but software is amortized by the straight-line method over the estimated useful life (five years).

Leased assets:

Straight-line method where the useful life of leased assets shall be equal to the lease period and their residual value shall be zero.

4) Accounting Method for Provision

Allowance for doubtful accounts:

The allowance for doubtful accounts is provided to prepare for loss from uncollectible credits. For ordinary receivables, the amount is estimated using the rate based on the historical bad debt experience. For special receivables with higher uncertainty, collectivity is considered on individual cases, and prospective uncollectible amount is provided.

Provision for bonuses:

The provision for bonuses is provided for payment of bonuses to employees based on an amount expected to be paid.

This provision is not applicable for overseas subsidiaries.

Provision for special wage payments:

The provision for special wage payments has been recorded on the basis of the estimated amount of payment with respect to consideration for labor to be paid on the basis of working hours deemed subject to consideration as a result of the fact-finding investigation regarding work performed during the fiscal year ended March 31, 2017.

5) Method of Accounting for Retirement Benefits

i. Method of attributing expected retirement benefit to periods

In calculating the retirement benefit obligations, the straight-line basis is used in determining the amount of the expected retirement benefit obligation attributed to service performed up to the end of the fiscal year under review.

ii. Method of recognizing actuarial differences

Actuarial differences are recognized in profit or loss in the year following the year in which a respective gain or loss arises, and are amortized proportionally on a straight-line basis over a period of five years, which is within the average remaining years of service of the eligible employees.

iii. Method of accounting for unrecognized actuarial difference

Unrecognized actuarial difference is accounted for in remeasurements of defined benefit plans, after adjusting for tax effects, under accumulated other comprehensive income of net assets.

6) Basis of Revenue Recognition

Deferred installment income

The prorated amounts for the shopping loan service are recognized as income when the due date comes.

7) Method of Significant Hedge Accounting

i. Method of hedge accounting

Interest rate swaps are accounted for using the exceptional treatment as they satisfy the applicable conditions.

ii. Hedging instrument and hedged item

Hedging instrument: Interest rate swaps

Hedged item: Interest on loans

iii. Hedging policy

Interest rate swap transactions are used to avoid interest rate fluctuation risk associated with fund procurement.

- iv. Method of evaluating hedge effectiveness
Hedging effectiveness in interest rate swap transactions is not evaluated as they are accounted for using the exceptional treatment.

8) Accounting for Consumption Taxes

The consumption taxes are excluded from transaction amounts.

2. Additional Information

Application of ASBJ Guidance on Recoverability of Deferred Tax Assets

Effective from the fiscal year ended March 31, 2017, the Company has applied the Guidance on Recoverability of Deferred Tax Assets (ASBJ Guidance No.26, March 28, 2016).

3. Notes to the Consolidated Balance Sheet

Accumulated Depreciation of Property, Plant and Equipment: 484,016 million yen

4. Notes to the Consolidated Statement of Income

Impairment loss

During the fiscal year under review, the Yamato Group posted an impairment loss on the following asset group.

(Millions of yen)			
Use of asset	Type of asset	Region	Amount of impairment loss
Branch and distribution center and other	Buildings and structures, land and other	Yamato Transport Co., Ltd., Aomori Regional Branch (Aomori City, Aomori) and nine other premises	1,284

The Yamato Group grouped the assets based on the classification in managerial accounting and the unit in making investment decisions, with Yamato Transport Co., Ltd. treating primarily a regional branch and subordinate branches as one unit and the Company and other consolidated subsidiaries based on the unit of department.

As a result, the Group recognized a continuous decrease in profit and loss arising from operating activities or significant declines in market prices for the asset group consisting of Yamato Transport Co., Ltd., Aomori Regional Branch and nine other premises, and it decreased the book value of the relevant asset group to the recoverable value and posted the relevant decrease of 1,284 million yen to extraordinary losses as an impairment loss. A breakdown of this decrease shows that 509 million yen was attributable to buildings and structures, 470 million yen was attributable to land and 102 million yen was attributable to machinery and equipment.

Where the recoverable value is calculated based on net realizable value, the amount is valued based mainly on real estate appraisal standards, assessed value of property tax or the posted land price.

5. Notes to the Consolidated Statement of Changes in Equity

(1) Class and Total Number of Issued Shares and Treasury Shares: (Thousands of shares)

6. Notes to the Financial Instruments

(1) Matters concerning the status of financial instruments

1) Policy on financial instruments

To finance further business growth, the Yamato Group raises capital through bank loans and bond issuances based on a facilities investment scheme that includes the network development plan. One-time surplus funds are invested in safe financial assets. Derivative products are mainly used for hedging against variable interest rate risk, and no speculative transactions are undertaken.

Some of the Group's consolidated subsidiaries are engaged in businesses such as leasing and third-party credit sales.

2) Features and risks of financial instruments and risk management structure

Operating receivables such as notes and accounts receivable - trade and accounts receivable - installment carry credit risk of trading partners, and thus the Company manages and controls cash received, as well as outstanding receivables, for each period to identify the credit risk of each trading partner.

Regarding investment securities, the Yamato Group mainly holds shares of companies with which the Group has business relationships or forms a capital alliance, and such shares involve the risk of stock price fluctuations.

The majority of operating payables, such as notes and accounts payable - trade, are due within one year.

Short-term loans payable and long-term loans payable are mainly used to raise capital for the Group's financial business. Some of the loans payable are procured at variable rates of interest, and the Group employs interest rate swaps for a portion of those loans to hedge interest rate risk associated with fundraising. Interest rate swap transactions are executed in conformity with the Group's regulations for authorizing derivative transactions.

Within the Yamato Group, each Group company controls liquidity risk associated with operating payables and loans by monitoring payments and settlements, bookkeeping, and balances, as well as managing cash positions.

3) Supplemental remarks on the fair value of the financial instruments

The fair value of financial instruments refers to their market value or value reasonably calculated based on certain assumptions if market value is not available. Therefore, the estimated fair value may vary with different assumptions.

(2) Matters concerning fair value of financial instruments

The table below shows the amounts recorded on the consolidated balance sheet as of March 31, 2017, their fair values, and differences between them. Some financial instruments are excluded because it is extremely difficult to identify their fair value (see Note 5).

(Millions of yen)			
	Amount on the consolidated balance sheet	Fair value	Difference
(1) Cash and deposits	230,128	230,128	-
(2) Notes and accounts receivable - trade	208,130		
Allowance for doubtful accounts	(133)

(5) Notes and accounts payable - trade	[155,736]	[155,736]	-
(6) Short-term loans payable	[60,974]	[60,996]	22
(7) Long-term loans payable	[89,900]	[89,896]	(3)
(8) Derivatives	-	-	-

Notes:

1. Items recognized as liabilities are shown in square parentheses [] both under Amount on the consolidated balance sheet and Fair value.
2. Notes and accounts receivable - trade are presented after deducting allowance for doubtful accounts set up for notes and accounts receivable - trade not payable in the short term.
3. Accounts receivable - installment is presented after deducting the relevant allowance for doubtful accounts and deferred installment income.
4. Method of calculating fair value of financial instruments and other matters concerning securities and derivatives.

(1) Cash and deposits

Because all deposits are short-term deposits and their fair values are approximately equal to their book values, fair value is the same as book value.

(2) Notes and accounts receivable - trade

Because notes and accounts receivable - trade are usually settled in a short period and their fair values are approximately equal to their book values, fair value is the same as book value. A portion of notes and accounts receivable - trade are grouped by classification categories and computed on the basis of the present value of future cash flow discounted at a rate based on the yield of Japanese Government Bonds.

(3) Accounts receivable - installment

The fair values of accounts receivable - installment are grouped by classification categories and computed on the basis of the present value of future cash flow discounted at the rate based on market interest rate.

(4) Investment securities

The fair values of listed equity shares in investment securities are based on quoted market prices.

(5) Notes and accounts payable - trade

As most notes and accounts payable - trade are due within one year and their fair values are approximately equal to their book values, fair value is the same as book value.

(6) Short-term loans payable and (7) Long-term loans payable

The fair value of short-term loans payable, long-term loans payable, and long-term loans payable meeting the requirements of exceptional treatment for interest rate swaps and being treated together with interest swaps are computed on the basis of the total amount of principal and interest discounted at the interest rate applicable to new loans carrying the same conditions.

(8) Derivatives

The exceptional treatment of interest rate swaps is applied to the Group's interest rate swaps, and these transactions are treated together with long-term loans payable with the relevant hedging instruments. Therefore, their fair value is included among long-term loans payable.

5. Financial instruments whose fair value is extremely difficult to determine

(Millions of yen)

Classification	Amount on the consolidated balance sheet
Investment securities	
Shares of subsidiaries and associates	5,861
Available-for-sale securities	3,358

It is extremely difficult to determine the fair values of these financial instruments because they do not have quoted market prices and their future cash flow cannot be estimated. Therefore, they are excluded from (4) Investment securities.

Notes to Non-consolidated Financial Statements

1. Amounts described are rounded down to the nearest million yen.

2. Summary of Significant Accounting Policies

(1) Valuation Basis and Methods for Securities

Available-for-sale securities

Securities with fair market value: Stated at the fair market value based on the quoted market price as of the fiscal year end (valuation differences are recognized in net assets; the cost of securities sold is the moving-average method)

Securities without fair market value: Stated at the cost by moving-average method

Shares of subsidiaries and associates: Stated at the cost by moving-average method

(2) Depreciation and Amortization Methods of Non-current Assets

Property, plant and equipment: Primarily the straight-line method

(Changes in accounting policies)

Application of Practical Solution on a Change in Depreciation Method Due to Tax Reform 2016

Following the revision to the Corporation Tax Act, the Company has applied the "Practical Solution on a Change in Depreciation Method Due to Tax Reform 2016" (ASBJ PITF No.32, June 17, 2016) from the fiscal year ended March 31, 2017, and changed the depreciation method for facilities attached to buildings and structures acquired on or after April 1, 2016 from the declining-balance method to the straight-line method.

The impact of such change on operating income, ordinary income and profit before income taxes for the fiscal year ended March 31, 2017 is immaterial.

Intangible assets: Straight-line method, but software is amortized by the straight-line method over the estimated useful life (five years).

(3) Accounting Method for Provision

Provision for bonuses:

The provision for bonuses is provided for payment of bonuses to employees based on an amount expected to be paid.

Allowance for investment loss:

To prepare for devaluation loss of investments in subsidiaries and associates, allowances are provided considering the status of subsidiaries and associates' assets.

Provision for retirement benefits:

To provide for employees' retirement benefits, provision for retirement benefits is recorded based on the projected retirement benefit obligations and related pension assets as of the end of the fiscal year ended March 31, 2017.

i. Method of attributing expected retirement benefit to periods

In calculating the retirement benefit obligations, the straight-line basis is used in determining the amount of the expected retirement benefit obligation attributed to service

- performed up to the end of the fiscal year under review.
- ii. Method of recognizing actuarial differences
Actuarial differences are recognized in profit or loss in the year following the year in which a respective gain or loss arises, and are amortized proportionally on a straight-line basis over a period of five years, which is within the average remaining years of service of the eligible employees.

(4) Method of Accounting for Retirement Benefits

The method of accounting for unrecognized actuarial differences on retirement benefits is different to the method in the consolidated financial statements.

(5) Method of significant hedge accounting

1) Method of hedge accounting

Interest rate swaps are accounted for using the exceptional treatment as they satisfy the applicable conditions.

2) Hedging instrument and hedged item

Hedging instrument: Interest rate swaps

Hedged item: Interest on loans

3) Hedging policy

Interest rate swap transactions are used to avoid interest rate fluctuation risk associated with fund procurement.

4) Method of evaluating hedge effectiveness

Hedging effectiveness in interest rate swap transactions is not evaluated as they are accounted for using the exceptional treatment.

(6) Accounting for Consumption Taxes

The consumption taxes are excluded from transaction amounts.

3. Additional Information

Application of ASBJ Guidance on Recoverability of Deferred Tax Assets

Effective from the fiscal year ended March 31, 2017, the Company has applied the Guidance on Recoverability of Deferred Tax Assets (ASBJ Guidance No.26, March 28, 2016).

4. Notes to the Non-consolidated Balance Sheet

To the Board of Directors of Yamato Holdings Co., Ltd.

We have audited the consolidated financial statements, namely, the Consolidated Balance Sheet, Consolidated Statement of Income, Consolidated Statement of Changes in Equity, and Notes to the Consolidated Financial Statements of Yamato Holdings Co., Ltd. for the consolidated fiscal year from April 1, 2016 to March 31, 2017, in accordance with the Companies Act, Article 444, Paragraph 4.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in conformity with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Audit Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Yamato Holdings Co., Ltd. and its consolidated subsidiaries for the related consolidated fiscal year, and the results of their operations for the year then ended in conformity with accounting principles generally accepted in Japan.

Interest

Our firm and the engagement partners do not have any interest in the Company for which disclosure is required under the provisions of Certified Public Accountant Act.

AUDIT REPORT

Regarding the performance of duties by the Directors for the 152nd business year from April 1, 2016 to March 31, 2017, the Audit & Supervisory Board hereby submits its audit report, which has been prepared through discussions based on the audit report prepared by each Audit & Supervisory Board Member.

1. Auditing Methods Employed by the Audit & Supervisory Board Members and Audit & Supervisory Board and Details of Such Methods

- (1) The Audit & Supervisory Board established auditing policies, allocation of duties, and other relevant matters, and received reports from Audit & Supervisory Board Members regarding their audits and results thereof, as well as received reports from the Directors, other relevant personnel, and Accounting Auditors regarding performance of their duties, and sought explanations as necessary.
- (2) Each Audit & Supervisory Board Member complied with the auditing standards of Audit & Supervisory Board Members established by the Audit & Supervisory Board, followed the auditing policies, allocation of duties, and other relevant matters, communicated with the Directors, the internal audit division, other employees, and any other relevant personnel, and made efforts to optimize the environment for information collection and audit. We have executed the audit based on the following methods.
 - 1) Each Audit & Supervisory Board Member participated in the Board of Directors' Meetings and other important meetings, received reports from the Directors, employees, and other relevant personnel regarding performance of their duties, sought explanations as necessary, examined important authorized documents and associated information, and studied the operations and financial positions. With respect to subsidiaries, we communicated and exchanged information with Directors, Audit & Supervisory Board Members, and other relevant personnel of the subsidiaries, and received business reports from subsidiaries as necessary.
 - 2) We received periodic reports from Directors and employees and sought explanations as necessary on the details of the resolution of the Board of Directors related to the provision of a system described in paragraphs 1 and 3 of Article 100 of the Companies Act Enforcement Regulations that not only ensures Directors are carrying out their duties indicated in the business report in compliance with laws and regulations and the Articles of Incorporation, but also ensures the propriety of the work activities of the corporate group consisting of the Company and its subsidiaries. We also received periodic reports from Directors and employees, sought explanations and expressed an opinion as necessary on the status of development and operation of the system (internal control system) put in place in accordance with the aforesaid resolution.
 - 3) Furthermore, we monitored and verified whether the Accounting Auditors maintained their independence and implemented appropriate audits, and we received reports from the Accounting Auditors regarding the performance of their duties and sought explanations as necessary. In addition, we received notice from the Accounting Auditors that "the system for ensuring that duties are performed properly" (matters set forth in each Item of Article 131 of the Accounting Rules) is organized in accordance with the "product quality management standards regarding audits" (Business Accounting Council, October 28, 2005) and other relevant standards, and sought explanations as necessary.

Based on the above methods, we examined the business report and supporting schedules, non-consolidated financial statements (Non-consolidated Balance Sheet, Non-consolidated Statement of Income, Non-consolidated Statement of Changes in Equity, and Notes to the Non-consolidated Financial

Statement) and supporting schedules, as well as consolidated financial statements (Consolidated Balance Sheet, Consolidated Statement of Income, Consolidated Statement of Changes in Equity, and Notes to the Consolidated Financial Statements) related to the relevant business year.

2. Audit Results

(1) Results of Audit of Business Report and Other Reference Documents

- 1) In our opinion, the business report and supporting schedules are in accordance with the related laws and regulations and Articles of Incorporation, and fairly represent the Company's condition.
- 2) With regard to the performance of duties by the Directors, we have found no evidence of wrongful action or material violation of related laws and regulations, nor of any violation with respect to the Articles of Incorporation.
- 3) In our opinion, the contents of the resolutions of the Board of Directors regarding the internal control system are fair and reasonable. In addition, we have found no matters on which to remark in regard to the performance of duties of the Directors regarding the internal control system.
